Subject: Update

Lora and Jim,
I just got off the phone with Walter Ivey, WV. He had two points.

1) He wanted guidance on how we developed the 1ppm level. He was going to brief a WV reporter. I provide him a quick lesson over the phone.

2) He just finished a call with a Cabinet member and the Head of the WV National Guard. They wanted to make sure that once they start clearing the system everyone is using the same message.

Ex. 5 - Deliberative

Ex. 5 - Deliberative

We can talk about this Sat once the data starts to flow. I also told Walter that we were looking for below 1ppm.

Larry
